October 22, 2007

Dear Jo Ellen and George,

*The Brombies are absolutely one of my faves! I know that as a representative of the Bluegrass Association of Southern California, I'm supposed to frame my correspondence in a professional manner. Piffle!! The BASC stage rocked again. But, with all that fine talent, how could it be otherwise? The Taste of Folk Music/Encino would simply **not** be the same without The Brombies!*

Our music is kept alive and thriving by dedicated folks and giving musicians, like yourselves, who share the music wherever possible. The energy you have certainly conveys your love and excitement for the music. Don't ever lose that spirit.

I've included a CD of The Brombies pix on the BASC Stage taken that day and a Program for each member of the Band. Norman Gordon, BASC member, took some of the pix. I REALLY do need to get a proper zoom for my camera. Some of his "takes" are awesome!

*So, again, on behalf of the Bluegrass Association of Southern California, **Thank You** for making our stage the very best ever.*

With great affection, I am,

Joy Felt
Taste of Folk Music Coordinator
And other assorted stuff

The Bluegrass Association of Southern California is organized under the California Nonprofit Public Benefit Corporation Law as a charitable, educational tax-exempt organization within the meaning of Section 501(c)(3) of the Internal Revenue Code.
